

BATTERY DISPOSAL PROOF

According to EU Directive 1006/66/EC on battery disposal, every company that places starter batteries on the market is required to collect a deposit of €7.50 (incl. VAT) if a used battery is not returned at the same time as a new starter battery is purchased (online or in person). Please dispose of your used battery at a recycling center, scrap metal dealer, garage, or any starter battery retailer near you. Important: Obtain written confirmation of the disposal of the used battery and send this confirmation to us by email (office@jay-parts.com).

Battery Disposal Certificate

We hereby confirm the proper disposal of a used automotive/starter battery:

Battery Brand / Type	
Company
